BOSTON, Nov. 27—President William M. Wood of the American Woolen Company, commenting on his election as director general of the Consolidated Textile Company, which was announced from New York to-day, said he had become interested in this group of cotton mills largely because he wanted to help out the industries of New England. It was a personal matter entirely, he said, the American Woolen Company being in no way concerned.

Supreme Court Upholds Pennsylvania Coal Tax

WASHINGTON, Nov. 27. - States may impose a tax upon products produced within their borders before such products enter interstate commerce and though other states are large consumers of such products and do not produce them, the Supreme Court held to-day. The decision was hended down in a case challenging the constitutionality of the tax imposed by Pennsylvania upon anthracite coal.

The importance of the decision was emphasized by New York, New Jersey, Delaware and the New England states denouncing the tax as giving Pennsylvania a monopoly and as levying a tribute upon those states which do not produce but must have anthracite as fuel. The law as last passed by the Pennsylvania Assembly provided for an

advalorem tax of 11/2 per cent.

Have You a Ten Minute Man

is worth more to you than the clerk who spends ten minutes a day looking up War Department ads. For there is treasure a plenty in these. They announce Su-plus Property sales that spell tremendous savings and quick

The things you need are smong them. All you have to do is LOOK. Then write for catalog. Then attend the sale.

Don't overlook a single ad. It you do, you may overlook a saving of great proportions. Your clerk can look them up and then route the publication through the various depart-

It's only a ten minute job—at less. And big dividends await your taking. It you want to know more about the sales, ask Major J. L. Frink, Chief, Sales Promotion Section, Office Director of Soles, Room fice, Director of Sales, Poom 2515 Munitions Bldg., Washingon, D. C.

WAR DIPARTMIS

1923 REASONS

why you should attend these December Auctions.

At Morgan Depot, South Amboy, N. J., Dec. 13

Screwdrivers.
Get the calogs and see the reasons you should attend these auctions. Address Philadelphia District Ordnance Salvage Board, Frankford Arsenal, Philadelphia, Pa. The Government reserves the right to reject any or all bids.

THE first reason—and one that will appeal strongly to the shrewd buyer—is the fact that these two auctions will mark a pause in the sales activities of the War Department. When the last item on the list has been sold at the auction at Middletown, Pa., on December 19, it will be a matter of some weeks before another big War D partment sale is conducted. Indeed, 1923 will be a lusty young ter before bargains such as these again are offered.

So much for the first reason why you should attend these auctions. As for the others, it will be necessary only for you to be present at these sales to discover a multitude of bargain offerings that are their own best reasons for participation in these last, important auctions of the year.

The dates are December thirteen and nineteen. The places are South Amboy, N. J. and Middletown Pa. A brief glance at the offerings shows
